

Samuel Hadley Borislow

PhD Candidate in Marketing, University of Chicago Booth School of Business
sbori@chicagobooth.edu • samborislow.com • (215) 920-2596

EDUCATION

University of Chicago Booth School of Business, Chicago, IL	Expected June 2028
PhD in (Behavioral) Marketing and MBA	
University of Pennsylvania, Philadelphia, PA	2021
BA with Highest Distinction	
Majors: Psychology (Honors), Philosophy (Honors)	

RESEARCH INTERESTS

Judgment and decision making, decisions under uncertainty, behavioral pricing, information integration, expertise and metacognition, numerical judgment, moral judgment

TEACHING INTERESTS

Consumer behavior, marketing strategy, organizational behavior, managerial decision making, pricing strategy

JOB MARKET PAPER

“Uncertain Discounts via Subscription” (with Beidi Hu) 2024–Present

Consumers deciding whether to pay upfront fees for uncertain savings (e.g., wholesale clubs, fee-based travel services) should be unaffected by whether the fee is already incorporated into displayed savings/price estimates or presented separately. Yet, across six incentivized studies, consumers respond less favorably to fee-based options when fees are incorporated into estimates versus shown separately, due to insufficient adjustment of expected savings for separately presented fees. Overall, firms’ choice to incorporate versus separate fees from displayed estimates can influence consumer decisions, with implications for search and advertising.
